Board Approves Position Of Executive Assistant To The Supervisor

In a move that caught some people by surprise, the Supervisor at the December 16th Huron Township board meeting, added to the agenda an item creating a new position in the township. This late addition to the agenda was yet another piece of the puzzle as some people attempt to reduce the role of the duly elected Supervisor and replace it with other employees or positions.

The first piece of the puzzle was put into place when the board approves an ordinance creating the position of a township superintendent sometimes referred to as a township manager. A committee was actually formed to study the issue and after two public hearings, where only those who spoke in favor of the concept was invited as guests, the committee issued a glowing report praising the concept and asking for it's adoption.

After the board discussed the issue and the ordinance was adopted, the matter appeared to have been shelved. However, this lull in the interest level was more likely due to the fact that a part-time supervisor could not become

reality until after the current supervisor's term was up in November 2000. The board appeared unwilling to hire a township superintendent with a full-time supervisor so perhaps the intent was to wait until they could get the supervisor reduced to part time.

However, with the creating of the executive assistant, the spotlight was once again moved to the role of the supervisor. The current Supervisor David Glaab has clearly expressed his desire for the superintendent position and Trustee Glaab along with Trustee McKinney has also expressed an interest.

This second piece of the puzzle had a rocky start at the December meeting. Not only was it added to the agenda at the meeting, but nobody seemed to want to support a motion that was quickly made by Trustee Glaab. After a moment of uncomfortable silence the Supervisor, in a rare moment, supported the motion to keep it alive.

Trustee McKinney spoke about the need for a township superintendent and felt the creation of an executive assistant would detract from that idea. He

did not want to create this position at the expense of what he considered to be the more important position. He expressed his idea of a professional employee running the township with a "citizen supervisor." Because of this, he was not in favor of creating the assistant position.

Treasurer Adkins spoke in opposition fearing that the hiring of an assistant would eventually have a superintendent joining the ranks making three parties doing the supervisor's job.

Trustee Mason asked for projected cost of the hiring and the supervisor responded that he hoped to fill the position for less than \$30,000.

Clerk Bowers asked if the employee would be an "at will" employee and would benefits be provided. To both questions the supervisor replied "yes."

Trustee Glaab spoke in favor of the position remarking that he had still not given up on the idea of hiring a superintendent. He added that the position would assist a "talented individual" (the supervisor).

It was the supervisor that actually spoke the most in favor of the position.

The supervisor, who normally prides himself on brief and to the point comments, spent a great deal of time talking about the subject. He spoke of the "bigger picture" that the supervisor could look at with the help of an assistant. He spoke of the need to attend meetings and meet with other officials and felt the assistant could handle the constitute complaints or other duties as directed by the supervisor.

He also added that the position would require "secretary-type duties" which seemed to bemuse some of the board members.

The position was created by a vote of 4-3 with support from Trustee Glaab, Supervisor Glaab, Clerk Bowers and Trustee Mason. Voting in opposition was Trustee Adkins, Treasurer Adkins and Trustee McKinney.

The position will be posted and likely go through the interview process. With the future hiring anticipated, the second piece of the four-part puzzle will be in place.

Textbook Purchased

At the December 14th Huron School Board meeting, the Superintendent announced that the Science Curriculum Committee had completed its work and made a recommendation regarding the purchase of new science books.

Deborah Krause headed a committee of five people that not only reviewed the proposed texts but also attended seminars. The committee noted the new textbooks will put the district in line for meeting the twelve "bench marks" as established by the State of Michigan. The textbooks are for the K-5 children and will be available for the 1999-2000 school year.

Ms. Krause spoke very highly of the textbooks they had chosen and the board agreed with a unanimous vote to purchase the books for \$67,000. The Superintendent also reminded the board that the vendor had agreed to provide

additional study material valued a \$12,000 at no additional cost.

In another matter, the board considered the permanent expulsion of a junior high student. In an unusual move, the parent of the student requested a public hearing. The board listened to presentation of the facts from the superintendent and a response from the mother of the student. A Huron Township police officer also spoke briefly regarding his involvement in the incident, with the student, that occurred after the student left the school campus without authorization.

The mother spoke in an articulate and informative manner and indicated that the student was in therapy and she requested that the child remain in school. However, the board must have felt the evidence was convincing because they unanimously voted to permanently expel the student. The Superintendent indicated that permanent expulsion meant that the parent could request a hearing to consider reinstating the student after one year.

In the tradition of keeping things quick and easy I have a cobbler recipe that fits the bill. I can't take credit for creating

Skillet Cobbler

1 Cup Self-rising Flour

2 Cup Sugar

1 Egg

1 Tbs. Vanilla Extract

1 Cup Milk

1 Stick Unsalted Butter

1 Can Pie Filling (any flavor)

Preheat oven to 350°. Melt butter in a cast iron skillet. Mix flour, sugar, egg, vanilla and milk together in a bowl. Pour mixture into skillet. Pour filling into center of mixture; do not stir. Bake 30-35 minutes, or until golden brown. Serve hot - maybe with ice cream.

this one, that belongs to Jan Hughes a friend from Florida.

This is an old recipe that is made in a cast iron skillet.

I have to admit that I am really not the baker in my family, so when I can get a hold of something quick and easy, I file it.

I think that you could probably make this on a camp fire. Use a covered dutch oven on a tripod.

Michigan Rocks

by **MARK CLARK**
Freelance Music Writer

Welcome to my first column for the Huron River Weekly. Once a month I'll be bringing you the latest news about our exciting local music scene. Bob Seger, Ted Nugent, Mitch Ryder, Aretha Franklin and Madonna are just a few of the many artists that started here and have gone on to national or even international success. Most of the artists/bands that I'll be writing about are out there every weekend in some bar, club or coffeehouse, playing their hearts out while looking for that illusive big break. It'll be my pleasure to introduce some of them to you.

Now, for all you blues fans. If all the hustle and bustle of the holiday season finds you worn out and you need a little time to just chill. Then I'd like to inform you about the fifth annual Anti-Freeze Blues Festival to be held January 1-2, 1999 at the Magic Bag in Ferndale. Appearing will be Johnny Bassett and The Blues Insurgents, Thornetta Davis

and Black Beauty, Big Dave and The Ultrasonic, Jimmy McCarty with Mystery Train, The Butler Twins, The Reeferman and Randy Volin and The Sonic Blues. You can call the event hotline at 248-544-3030.

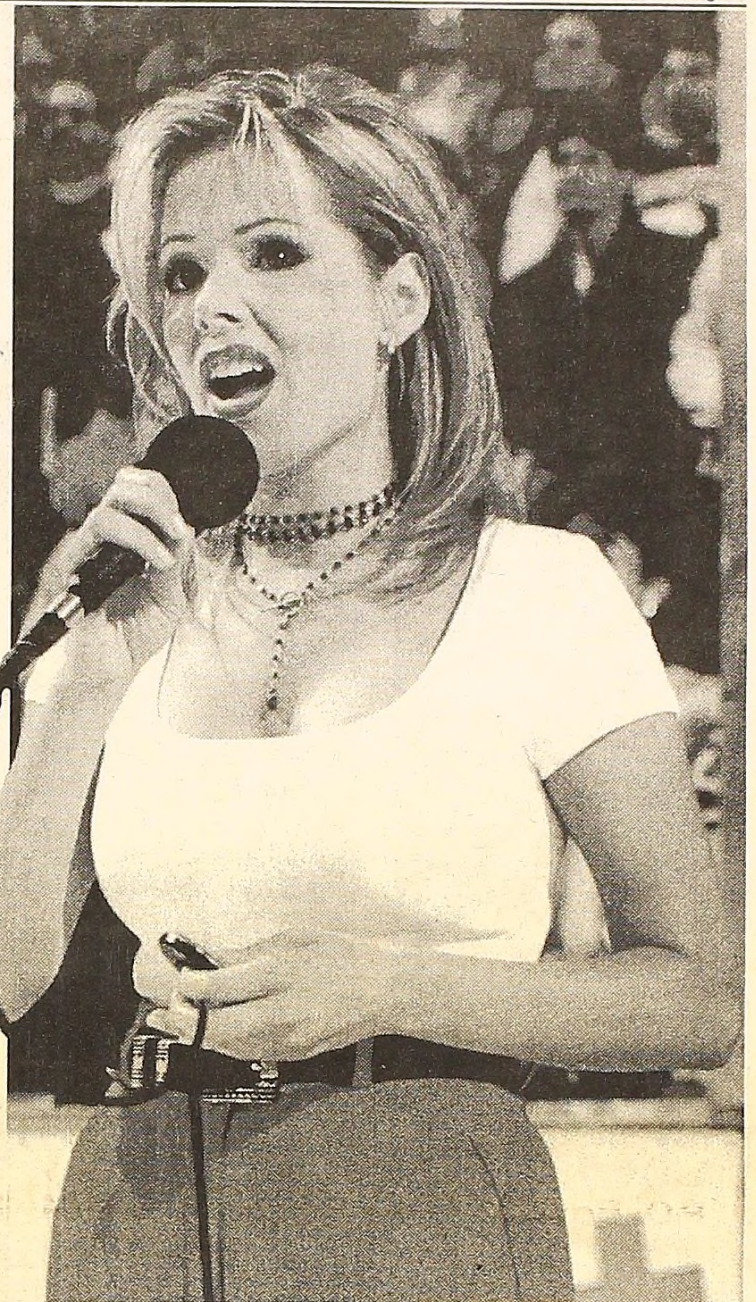

Karen Newman

Unless you have been living in a cave the last couple of years, you probably know that Karne Newman is the official vocalist for our own world champion Detroit Red Wings. Fifty-plus times a year; Newman sings the National Anthem at all the Red Wing home games. Her powerful three-octave soprano, sex-symbol good looks (she's the new poster girl for WRIF, Detroit's oldest rock station) and her Red Wing connection have made her one of the most popular entertainers in our state.

Newman, a Farmington Hills native and a former back-up singer for Bob Seger has released two CD's this past year on her own High Heel Records label. The first album, "Moment In The Wind" is a

pop/rock affair of mostly original songs, with a mixture of ballads and rockers. Newman does one remake, "Love Hearts" the old Nazareth song that has been an FM rock staple for years. My favorite cut on the CD is "Bring It Back Alive."

Her latest album "What Christmas Means to Me" was released this past October. It is a fresh sounding collection of holiday favorites that include "Hark The Herald Angels Sing," "Mary Did You Know," "Ava Maria" and "The Most Wonderful Time Of The Year." There are also two original songs included, the title track "What Christmas Means To Me" and "Christmas Eve On Woodward Ave.," which is my favorite song on the album. Backed by children's choir and arranged in a big band/jazz/swing sort of style, it is one of the coolest new Christmas songs I've heard. Some of the proceeds from this CD go to the trust fund for the families of Vladimir Konstaninov and Serget Mnatsakanov.

George and Gail Wright

reside in the quiet, tranquil, rural community of Carlton, Michigan. This is in direct contrast to the weekends that

they spend with their loud and very quick Thunderbird at racetracks across the area.

They spend their weekends traveling to the various quarter mile drag strips around the Midwest. They compete in events sponsored by the National Hot Rod Association (NHRA) and the International Hot Rod Association (IHRA). George pilots his 1995 Ford Thunderbird which is equipped with a 351 cid Cleveland engine and a Jerico four-speed transmission. Gail is the crew chief for the family run operation and makes sure that everything is ready to go when the Christmas tree shows green. They compete in the Super Stock GT/B, GT/C, and GT/E competition.

George and Gail also race a 1982 Ford Mustang with a Boss 302 cid motor and Jerico four-speed. The Mustang and the Thunderbird are fabricated and prepared by George. The engine work is done by local Carlton resident, Dave Petit.

George began racing in May of 1973 at the now-

closed Detroit Dragway. He expanded his racing effort in 1980 by participating in NHRA Super Stock national and divisional events. The car of choice at the time was a 1970 Mustang. This vehicle was raced until 1985. In 1985 he obtained and raced a new Mustang.

George has had several accomplishments in his racing career which include: 1998 NHRA Super Stock G National Record Holder, 1990 NHRA Super Stock GT/B National Record Holder, 1991 NHRA Super Stock GT/B National Record Holder, 1991 SS GT/B Class winner at the NHRA Nationals.

George and Gail are very gracious with their race car and have exhibited it at several events which include the NOVI Expo center, Ford Motor Company's world headquarters and at several Ford Motorsports Enthusiasts (FME) events. They are members of FME and George is a member of the executive board.

Finding Christmas

Every place around the world has its own special way of celebrating Christmas. Every small town has its own special traditions, even ours.

Here in New Boston, as a community, we celebrate together for a short time in town at the Christmas Tree Lighting. A prayer is said, carols are played and sung, and the tallest tree in town is lit up by the winners of the elementary school coloring contest. After all that, Santa

Clause makes his appearance and everyone goes inside for cookies and hot chocolate. It's good old-fashioned fun.

Still everyone interprets Christmas differently and celebrates in different ways. My Christmas ritual includes baking thousands of cookies to give to my friends and family for presents. Being chained to the stove is a labor of love, as is cramming as many lights, garlands and ornaments onto the tree as possible. These are

my traditions, the way I celebrate. Here's how some other members of the New Boston community told me they go about their merry way when I asked them: How do you celebrate Christmas?

We celebrate the same way everybody else does, with trees and lights and presents.

Mary Fowler

My family and I go to a candlelight service at midnight every Christmas eve.

Mark Brown

My cousin Angela and I sing for our family every year, it's a tradition.

Krystal Guffey

We have two Christmas trees. One is decorated all in gold, the other is the family tree. We all pick out an ornament that represents something meaningful in our lives. On Christmas day we have open house for all our family and friends.

Belem Morales
However you celebrate it, have a Merry Christmas New Boston!

True Meaning of Christmas

The True Meaning of Christmas is about a lot of things that people really don't appreciate these days. The true meaning means to gather all your family and close friends. You should also help all the people that are not as

fortunate as you may be.

Christmas is not about how much you can get or how much money you can receive. Christmas is about sharing your love with your loved

ones. It's a time to share gifts and have a family dinner. You also get a chance to see what you got for Christmas. You get to see the face expressions on the people opening their

gifts, and if there's little kids you can see how excited they get. So cherish the holidays.
